SPUTTERING TARGETS – Hot Isostatic Pressing

AVAILABLE COMPOUNDS : Antimonides (An), Arsenides (Ar), Borides (B), Carbide (C), Fluorides (F), Nitrides (N), Oxides (O), Selenides (Se), Silicides (Si), Sulfides (Su), Tellurides (T).

MATERIALS	PURITIES %	SIZES	FORMS	AVAILABLE COMPOUNDS
Aluminium	99.99 to 99.999	All sizes available	All forms available	An – F – N – O – Se – Su – T
Antimony	99.5 to 99.999	All sizes available	All forms available	Ar - O – Se – Su – T
Arsenic	99 to 99.999	All sizes available	All forms available	O – Se – T
Barium	98 to 99.9	All sizes available	All forms available	An – Ar – F – O - Si
Bismuth	99.99 to 99.9999	All sizes available	All forms available	An - O – Se – Su -T
Boron	99 to 99.99	All sizes available	All forms available	C – N – O – T
Cadmium	99.99 to 99.999	All sizes available	All forms available	Ar – F – O – Se – Su
Calcium	99.9 to 99.99	All sizes available	All forms available	An – F – N – O – Si
Cerium	99.9 to 99.95	All sizes available	All forms available	C – F – O – Si – Su
Chromium	99.99 to 99.999	All sizes available	All forms available	O – T
Cobalt	99.5 to 99.995	All sizes available	All forms available	Ar - An - O – Se – T
Copper	99.9 to 99.9999	All sizes available	All forms available	B - O – Se – Si – Su – T
Copper Gallium	99.9 to 99.9999	All sizes available	All forms available	Se – T
Dysprosium	99.9 to 99.95	All sizes available	All forms available	F - O
Erbium	99.9 to 99.95	All sizes available	All forms available	F - O – Si - Su
Eurobium	99.5 to 99.99	All sizes available	All forms available	F - O – Si – Su
Gadolinium	99.9 to 99.95	All sizes available	All forms available	F - O – Si -Su
Gallium	99 to 99.999999	All sizes available	All forms available	Ar - An - O – Se – T
Germanium	99.999	All sizes available	All forms available	An - O – Se – T
Gold	99.95 to 99.999	All sizes available	All forms available	
Hafnium	99.9 to 99.99	All sizes available	All forms available	C – F – N – O – Si - Su
Holmium	99.9 to 99.95	All sizes available	All forms available	F - O
Indium	99.9 to 99.9999	All sizes available	All forms available	Ar - An – F - O – Se - T

Iron	99.99 to 99.999	All sizes available	All forms available	Ar – An - B - O – T
Lanthanum	99.9 to 99.99	All sizes available	All forms available	C - B – F - O – Si – Su
Lead	99.9 to 99.999	All sizes available	All forms available	F – Se -T
Lithium	99 to 99.95	All sizes available	All forms available	F – Si - Su
Lutetium	99.9 to 99.99	All sizes available	All forms available	F - O – Si -Su
Magnesium	99.9 to 99.99	All sizes available	All forms available	Ar - An – F - O – Si – Su
Manganese	99.9 to 99.99	All sizes available	All forms available	An – C - F - O – T
Molybdenum	99.95 to 99.995	All sizes available	All forms available	O
Neodymium	99.9 to 99.99	All sizes available	All forms available	F - O – Se – Si
Nickel	99.9 to 99.999	All sizes available	All forms available	Ar - An - O – T
Nickel Chromium	99.95 to 99.995	All sizes available	All forms available	
Nickel Chromium Iron	99.95 to 99.995	All sizes available	All forms available	
Nickel Iron	99.95 to 99.995	All sizes available	All forms available	
Nickel Zirconium	99.99 to 99.999	All sizes available	All forms available	
Niobium	99.5 to 99.9	All sizes available	All forms available	C – F – N - O
Palladium	99.9 to 99.99	All sizes available	All forms available	
Phosphorus	99.99 to 99.999	All sizes available	All forms available	
Platinum	99.99 to 99.999	All sizes available	All forms available	
Praseodymium	99.9 to 99.95	All sizes available	All forms available	F - O – Si
Rhenium	99.95 to 99.99	All sizes available	All forms available	
Samarium	99.9 to 99.95	All sizes available	All forms available	F - O
Scandium	99.9 to 99.999	All sizes available	All forms available	F - O
Selenium	99.99 to 99.999	All sizes available	All forms available	
Silicon	99 to 99.99999	All sizes available	All forms available	C – N - O – Su
Silicon Aluminium	99.99 to 99.9999	All sizes available	All forms available	
Silver	99.99 to 99.999	All sizes available	All forms available	F – Se – Su – T
Silver Calcium	99.99 to 99.999	All sizes available	All forms available	Se – Su - T
Silver Aluminium	99.99 to 99.999	All sizes available	All forms available	Se – T
Silver Chromium	99.99 to 99.999	All sizes available	All forms available	Se – T

Silver Cooper	99.99 to 99.999	All sizes available	All forms available	Se – T
Silver Rhenium	99.99 to 99.999	All sizes available	All forms available	Se – T
Silver Rutherfordium	99.99 to 99.999	All sizes available	All forms available	Se - T
Sodium	99.9 to 99.95	All sizes available	All forms available	F
Strontium	99.9 to 99.95	All sizes available	All forms available	F - O – Si
Sulfur	99.99 to 99.9999	All sizes available	All forms available	
Tantalum	99.9 to 99.99	All sizes available	All forms available	C – N - O
Tellurium	99.99 to 99.9999	All sizes available	All forms available	Si
Terbium	99.9 to 99.99	All sizes available	All forms available	F - O - Si
Thulium	99.9 to 99.95	All sizes available	All forms available	O
Tin	99.99 to 99.9999	All sizes available	All forms available	Ar - An - O – Su - T
Tin Silver	99.99 to 99.999	All sizes available	All forms available	O – T
Titanium	99.8 to 99.999	All sizes available	All forms available	O
Tungsten	99.9 to 99.99	All sizes available	All forms available	F - C - O
Tungsten Titanium	99.9 to 99.99	All sizes available	All forms available	O
Vanadium	99.9 to 99.99	All sizes available	All forms available	C – N - O
Ytterbium	99.9 to 99.99	All sizes available	All forms available	F - O – Si
Yttrium	99.9 to 99.99	All sizes available	All forms available	F - C - O – Si
Zinc	99.99 to 99.999	All sizes available	All forms available	Ar - An - O – Se – Su - T
Zirconium	99.8 to 99.999	All sizes available	All forms available	F

The sputtering targets sizes, forms and compounds listed are available in stock. Other sputtering targets compounds can be prepared on demand. Please contact us.
